

SH'OR YOSHUV RABBINICAL COLLEGE

TEXTBOOK INFORMATION

Shor Yoshuv Rabbinical College offers a highly specialized program of study in Talmud and related subjects. All textbooks are readily available for use on open stacks in the study hall and school library. Students who wish to purchase their own copies of the texts studied may purchase them from one of the Judaic bookstores stores in the area. A book list is sent to the students before the start of each semester for this purpose.

Many students prefer to have their own Gemara and Kovetz Miforshim, which cost between \$35 and \$55 each, depending on the publisher and edition. Most texts used in the program are reprints of the Talmud and other classical texts that do not have ISBN numbers.
