### **STATE AUTHORIZATION AND ACCREDITATION**

#### **NY State Disclaimer**

Shor Yoshuv Rabbinical College does not offer programs leading to the academic degrees authorized by the New York State Board of Regents. In Shor Yoshuv Rabbinical College's opinion, its studies, though different in kind, are equivalent in duration, intensity, depth of knowledge, and quality of scholarship to degree programs approved by the Regents. The credits offered by our institution measure a student's progress toward the rabbinical degree offered by this institution. Under New York State Law, a corporation formed for religious and educational purposes which does not confer academic degrees requiring program registration by the State Education Department requires no State approval or credential in order to exist or to perform its postsecondary education functions. Shor Yoshuv Rabbinical College falls into this category and is therefore not subject to the evaluation of the New York State Board of Regents.

#### **Accreditation**

## **SHOR YOSHUV RABBINICAL COLLEGE- AN OVERVIEW**

Shor Yoshuv Rabbinical College was founded in 1967, after Yeshiva Rabbi Chaim Berlin decided to close its Far Rockaway division and move all classes back to its main center in Brooklyn. Rabbi Shlomo Freifeld, of blessed memory - a *Musmach* of Yeshiva Rabbi Chaim Berlin - saw a need for a new type of yeshiva to meet the demands of the diverse types of young men who were applying for yeshiva admission at that time. Shor Yoshuv Rabbinical College was born from the intense desire of these young men to study Torah, regardless of their backgrounds or prior levels of Jewish education. Rabbi Freifeld saw the historic implication behind this group of unusual yeshiva students and named his school "Sh'or Yoshuv" (Hebrew for "the remnants shall return"). Integrating a special program for young men with limited backgrounds in Jewish Studies into a polished and long-admired traditional yeshiva curriculum, Shor Yoshuv Rabbinical College has been widely acclaimed for its unique educational philosophy and its pioneering efforts on behalf of the many young people seeking to return to their roots.

Hailing from all over the United States, Canada, Europe, Israel and Russia, Shor Yoshuv Rabbinical College students are serious, dedicated and intelligent young men who have rediscovered themselves through learning Torah and living a Torah lifestyle. Within the warm, congenial atmosphere of the Yeshiva and its surrounding community, our students mature emotionally as well as in Torah scholarship under the personal guidance of their teachers and *Rebbeim*, who genuinely care about every aspect of their development.

Shor Yoshuv Rabbinical College takes pride in the exemplary caliber of its dedicated and scholarly faculty. Through imagination and ingenuity, our instructors bring the age-old gems of wisdom inherent in the Torah, Jewish Ethics and Philosophy to life. They instill in their students an unquenchable thirst for knowledge and Torah understanding.

The basic educational goal of Shor Yoshuv Rabbinical College is to mold its students into mature, Torah-knowledgeable, religiously responsible individuals. Our aim is to

assist them in developing minds and talents to their maximum potential, while identifying themselves as vibrant and active members of the Jewish community.

Involvement is a key word at Shor Yoshuv Rabbinical College. Our students are involved with their teachers, their *Rosh Yeshiva*, fellow students, the families of the Yeshiva community - and with the future of Torah Judaism in America. Shor Yoshuv Rabbinical College is much more than a yeshiva. It is a beacon of optimism and light; a revolutionary movement which beckons Jews from near and far to band together - despite their differences - and return to the traditions of our ancient heritage. We want our students to lead each other in a dynamic, creative spiritual quest that will bring joy and fulfillment into their lives and into the lives of their fellow Jews.

### **SHOR YOSHUV RABBINICAL COLLEGE TODAY**

Today we find Shor Yoshuv Rabbinical College's dream, the dream of educating young people - each student according to his own level - is being fulfilled.

When prospective new students meet current or former students of the Yeshiva, they are impressed by the sight before them: shining examples of what a Torah Jew can achieve. These products of the Yeshiva are responsible for bringing many new students into our *Bais Medrash*. Many young people have also heard about our *Bais Medrash* through their peers who have either seen the Yeshiva or whose friends or relatives are previous Shor Yoshuv Rabbinical College students.

Shor Yoshuv Rabbinical College has grown substantially over the past fifty plus years. Originally, the Yeshiva was comprised of ten young men sitting together to learn. Since those early years, our numbers have multiplied significantly, and that core group of ten alumni has become the present foundation of the Yeshiva today. What makes our program unique is the dynamic role that these young men and their families assume in the educational development of each of our students.

May our Yeshiva continue to grow as we seek to educate many more future leaders.

### **THE SHOR YOSHUV RABBINICAL COLLEGE CAMPUS**

Shor Yoshuv Rabbinical College is located in the beautiful Morty and Rozi Davis campus located on the Lawrence and Far Rockaway border. The campus is located in

the heart of the Jewish community with easy access to bookstores, various synagogues, kosher groceries and butchers, as well as several elementary and higher-level yeshivos.

The main building showcases the pulse of our yeshiva, the magnificent and large *Bais Medrash*. With bright natural sunlight streaming in from its many windows, the *Bais Medrash* provides a comfortable place of learning for every student. This building also contains offices for the *Rosh Yeshiva* and the *Rebbeim*, the executive offices, various classrooms and study halls. In addition, it houses a Judaica library whose shelves are stacked with tens of thousands of volumes.

The building also has a large dining room, where three nutritious meals are served daily. A full-size gymnasium and basketball courts which the students use for exercise and recreation is located in the main building as well.

Across a short walkway stand the spacious and comfortable dormitory facilities. Apart from the actual dormitory rooms, this building also contains an inviting student lounge and canteen area.

We strive for the warmth and close feelings inherent in true *Rebbe/Talmid* relationships. Our new facilities have been prepared and built to insure that we can uphold our educational philosophies and goals.

## **ADMISSION REQUIREMENTS**

Generally, students applying to Shor Yoshuv Rabbinical College must meet one of the following requirements:

1. Have graduated high school and provide evidence of high school graduation.
2. Have completed homeschooling at the secondary level as defined by state law and provide documentation of homeschooling.
3. Meet one of the recognized equivalents. Recognized equivalents include:
  - a. GED/TASC/HiSET
  - b. Successful completion of an associate's degree program;

- d. Enrollment in a bachelor's degree program where at least 60 semester or trimester credit hours or 72 quarter credit hours have been successfully completed, including credit hours transferred into the bachelor's degree program.

Shor Yoshuv Rabbinical College does not utilize an Ability to Benefit test for admitting students.

Applicants to Shor Yoshuv Rabbinical College must also meet the following minimum qualifications.

Talmud: Completion of at least 150 folio pages of the Talmud.

Code of Law: Competence in the laws and customs in the Code of Law (Orach Chaim) and personal commitment to their observance.

Language: The ability to read and write classical Hebrew; a working knowledge of the Aramaic language of the Talmud.

The first step in the application process is to arrange for a personal interview with the Rosh HaYeshiva. At the time of the interview, a member of the faculty will administer a thorough examination in Talmudic studies. The Admissions Office will also request transcripts of previous advanced study in other institutions and recommendations from faculty members at their previous schools of attendance.

The selection of applicants will be based upon their intellectual ability, academic preparation and personal ethical development. If accepted for enrollment, the applicant will then be asked to complete an admission form.

Admission to the Shor Yoshuv Rabbinical College is open to male members of the Orthodox Jewish faith without regard to color, race, national origin or handicap.

In order to initiate the application process, we encourage qualified students to write to the Rosh HaYeshiva at:

Shor Yoshuv Rabbinical College  
1 Cedar Lawn Avenue  
Lawrence, New York 11559

## **STUDENT LIFE**

The SYRC student learns in the Yeshiva every day on a regular basis except on *Shabbos*, when he benefits from the warm atmosphere at the homes of our faculty and married students. On *Shabbos*, our students also learn, either on their own or with each other.

This daily schedule is typical for both undergraduate and graduate divisions.

From Friday afternoon until after *Shabbos*, the schedule changes to a more informal, family-oriented style. Learning sessions are arranged privately. The students take their meals as guests of our faculty and the young couples' group which is an integral part of Shor Yoshuv Rabbinical College. In addition, the *bochurim* are guests at the home of the *Rosh Yeshiva*, Rebbeim and other community members.

## **TEXTBOOK INFORMATION**

Shor Yoshuv Rabbinical College offers a highly specialized program of study in Talmud and related subjects. All textbooks are readily available for use on open stacks in the study hall and school library. Students who wish to purchase their own copies of the texts studied may purchase them from one of the Judaic bookstores stores in the area. A book list is sent to the students before the start of each semester for this purpose.

Many students prefer to have their own Gemara and Kovetz Miforshim, which cost between \$35 and \$55 each, depending on the publisher and edition. Most texts used in the program are reprints of the Talmud and other classical texts that do not have ISBN numbers.

**LATE ADMISSIONS**

Students may occasionally be accepted for late admission, with special permission from the Rosh HaYeshiva, if they can demonstrate that they will satisfactorily complete all course work.

**ATTENDANCE REQUIREMENTS**

Attendance is expected at all regularly scheduled classes. Excessive unexcused absences may be grounds for grade reductions, loss of course credit, dismissal, or other disciplinary action.

**GROUND FOR DISMISSAL**

Students are expected to keep the hours of the school's course and study schedule and attend all lectures. They must also complete regular oral and written exams.

Students who fail to adhere to the school's regulations may be placed on probation. If improvement is not seen, the Rosh Yeshiva will notify the student that he may be dismissed from the school.

Students who persistently violate the school's rules of conduct and discipline, or who have been found to conduct themselves in a manner that constitutes a breach of character, dress, or moral conduct as defined by the Shulchan Aruch, may also be dismissed from the school.

It should be noted that dismissals are extremely rare as every effort is made to accept students of high character and diligence.

## GRADING SYSTEM

Students' achievements are measured by a variety of means. Regular grades are given on standard transcript forms which can be submitted to other Yeshivas, colleges and universities.

One grade per course will be issued at the end of each semester. This grade may be based on comprehensive oral examinations, classroom work, and written tests.

Grades represent the *Rebbe's* evaluation of his students' competencies and course performance. A minimum average (Grade Point Index) of C (2.0) or above is expected to be maintained by each student at all times. Students falling below this average will be placed on academic warning. No student is allowed to graduate with a status of academic warning.

Of equal importance, however, are the constant reviews of personal development which take place regularly between faculty members and their students. These relationships constitute the most unique aspect of studying at Shor Yoshuv Rabbinical College, for which the Yeshiva enjoys a world-wide reputation. Our commitment to establishing and nurturing close, personal relationships between *Rebbeim* and *bochurim* is a cornerstone in the Yeshiva's educational philosophy, and was one of the crucial factors behind the founding of the school. The greatest proof that our system functions effectively lies in the single fact that so many other schools have since incorporated our philosophy into their curricula.

## EXPLANATION OF GRADES

A	4.0	C	2.0
A-	3.7	C-	1.7
B+	3.3	D	1.0
B	3.0	I (Incomplete)	not included in calculation of GPA
B-	2.7	W(Withdrawn)	not included in calculation of GPA
C+	2.3	F (Fail)	0.0

The grade point average (GPA) is established by multiplying the grade point equivalent of each course with a valid grade by the number of credits that course yields. The products are then added together, and the sum is divided by the total number of credits from all the courses.

Courses with a grade of incomplete or withdrawn do not affect the GPA. However, courses with a grade of fail, whether earned or unearned, are included in the GPA calculation. If a student receives failing grades for all of his courses, the student will generally be considered as having unofficially withdrawn unless there is evidence that he completed the semester.

Sample GPA Calculation:

A-	6 (credits)	x	3.7	= 22.2
B+	4 (credits)	x	3.3	= 13.2
B	1 (credits)	x	3	= 3
C	1 (credits)	x	2	= 2
A	1 (credits)	x	4	= 4
	12 (credits)			44.4

Divided by 12 Credits for the Semester = 3.70 GPA

## **GRADE FORGIVENESS POLICY**

Students have the opportunity to retake a course and have the new grade replace the previous grade by applying for Grade Forgiveness. Students seeking Grade Forgiveness must submit a Grade Forgiveness form to the Registrar's office. This form can be obtained by contacting the Registrar's office. Applying for Grade Forgiveness does not guarantee approval. Grade Forgiveness can only be used for a maximum of five courses.

Please note: It is important to meet with a member of the Registrar's office to determine the effects Grade Forgiveness can have on academic requirements such as Satisfactory Academic Progress (SAP).

## **LEAVE OF ABSENCE**

Under specific circumstances, a student may be granted an approved leave of absence for Title IV purposes. To request a leave of absence, the student must follow the procedures listed below:

The student must submit a request for a leave of absence in writing to the Rosh HaYeshiva, Rabbi Naftali Jaeger. The request must be signed and dated and must include the reason for which the student is requesting a leave of absence. The request will be reviewed by the Rosh HaYeshiva within ten days of submission. The request and the determination will be forwarded to the registrar's office and will be placed in the student's academic file. Notification will also be sent to the student and the financial aid office.

The student must submit the request and receive the approval prior to beginning the leave of absence. The exception would be unusual circumstances where it was not possible for the student to make the request prior to the start of the leave of absence, i.e. if the student was in a car accident or other unforeseen emergency/disaster. If unforeseen circumstances prevent a student from providing a prior written request, the institution may grant the student's request for a leave of absence. In this case, the institution will document its decision and collect the written request at a later date.

A student will only be granted a leave of absence if it can be reasonably expected that the student will return from the leave of absence on time. The leave of absence, together with any additional leaves of absence, must not exceed a total of 180 days in a 12 month period. Shor Yoshuv Rabbinical College will not assess the student any additional institutional charges or award the student any additional Title IV aid during this time period. Upon the student's return from the leave of absence, the student must resume his coursework at the same point in the academic program that he began prior to the leave of absence.

Students on an approved leave of absence will not be considered withdrawn from the institution and no refund calculations will be made for Title IV financial aid received. Students who do not resume attendance at the institution at or before the end of a leave of absence will be considered withdrawn from the institution as of the initial start date of the leave of absence and refunds will be calculated accordingly.

## **COUNSELING**

Shor Yoshuv Rabbinical College offers expert counseling in various fields to meet student needs in such areas as: drug and alcohol abuse; academic probation; financial aid; dormitory living; course scheduling; career planning; social behavior; and academic achievement.

## TUTORING

Each *Rebbe* attempts to provide extra tutoring to those students who require additional help. Students who are not progressing at appropriate rates are also assigned private tutors. This extensive tutorial system is unique to Shor Yoshuv Rabbinical College, where one of our basic goals is to develop a "one to one" relationship between each *Rebbe* and student. There is no additional charge for this assistance. The *Rosh Yeshiva* supervises the entire tutorial system very carefully.

## HEALTH SERVICES

In the event of a medical emergency, students and administration are encouraged to call Hatzalah, the local volunteer ambulance corps at 718-387-1750. There are several local doctors and Urgent Care Facilities that the students will be referred to in emergency situations. They include Prime MD (516) 748-8800, Dr. Hylton Lightman (718) 868-4808 and several specialists whose information is listed in the office. The office also maintains a first aid kit for students' use.

## LIBRARY

Shor Yoshuv Rabbinical College has a very large library to accommodate its many students. There are numerous volumes, estimated in the tens of thousands, consisting of classic texts, interpreters, commentaries, *Sifrei Mussar*, Codes, Talmudic tractates, *Chumashim*, *Sha'alos U'Teshuvos*, *Sifrei Rishonim* and *Acharonim*, a large selection of English-language *seforim*, dictionaries, present-day texts and *Chassidic* works. All books are categorized and arranged on open shelves for easy access.

Students are urged to use the library whenever possible to broaden their knowledge and to enlighten themselves with the great works of our intellectual heritage. Library hours are posted in the Yeshiva.

## COMPLAINTS PROCEDURE

### **Internal Complaint**

A student wishing to file a complaint may submit it to the Yeshiva office in writing, addressed to the attention of the Rosh HaYeshiva. The complaint will be presented to the Board of Directors at one of its subsequent meetings. A response in writing will be given to the student within 30 days following the board meeting.

Similarly, any student may appeal a decision of dismissal. An appeal letter with all supportive documentation should be submitted to the Rosh Yeshiva's office within 60 days of receipt of the notification of dismissal. The appeal board, headed by the Rosh Yeshiva, will notify the student as to its final decision within 45 days of the start of the appeal process.

### **AARTS Complaint**

## **ACADEMIC REGULATIONS**

### ***SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)***

All matriculated students pursuing an approved program at Shor Yeshuv Rabbinical College are required to maintain satisfactory academic progress, which in this institution is defined as being in good academic standing as detailed below.

The SAP standards are the same for all matriculated students, regardless of whether or not they are receiving Title IV federal financial aid. Satisfactory academic progress has two principal components: a qualitative standard and a quantitative standard. The institution will use standard rounding procedures for evaluating both the qualitative and quantitative standards. Satisfactory academic progress is always evaluated on a cumulative basis.

At the end of each semester, both the qualitative and quantitative standards are reviewed. A report is then generated which indicates whether the student is meeting SAP requirements.

If a student is readmitted to the school, the student's academic file is evaluated to determine whether he is meeting satisfactory academic progress requirements.

A comprehensive explanation of the qualitative and quantitative standards at Shor Yeshuv Rabbinical College is provided below.

- **Qualitative Standard**

A student must achieve a cumulative grade point average (GPA) of 2.0 (the equivalent of a "C" average) or better. Every student is evaluated at the end of each semester to ensure that he is maintaining a minimum cumulative GPA of 2.0.

Grade point averages will be calculated according to the following numerical equivalents:

A	4.0	C	2.0
A-	3.7	C-	1.7
B+	3.3	D	1.0
B	3.0	I (Incomplete)	not included in calculation of GPA
B-	2.7	W(Withdrawn)	not included in calculation of GPA
C+	2.3	F (Fail)	0.0

Courses with a grade of incomplete or withdrawn do not affect the GPA. However, courses with a grade of fail, whether earned or unearned, are included in the GPA calculation. If a student receives failing grades for all of his courses, the student will generally be considered as having unofficially withdrawn unless there is evidence that he completed the semester.

- **Quantitative Standard**

- **Maximum Timeframe - measured in credit hours**

A student must make sufficient progress through the academic program to complete the program with a maximum attempted credit ceiling equivalent to 150% of the published length of the program in credit hours.

- **Pace of Completion**

A student must earn 67% of the cumulative credits he attempts. To assess progress, the student's cumulative credits earned are divided by the cumulative credits attempted. This calculation will determine if he is advancing through the academic program at a pace sufficient to complete the program within the maximum time frame. If the number of credits earned divided by the number of credits attempted is 67% or greater, he is determined to be meeting the pace element.

### ***WHEN SAP IS NOT MET***

#### *WARNING*

If a student fails to meet the SAP standards, he will be notified, and granted a warning period which will last one semester. The student will also be notified that he may appeal the lack of satisfactory academic progress at any point in the process. During this warning period, a designated faculty member may counsel the student and assist him in improving his academic performance. Additionally, the student may be provided with various student services including tutoring, scheduling accommodation, or other academic assistance. If, after this warning period, SAP standards are still not met, he will be subject to academic discipline which may include loss of TAP eligibility, expulsion or suspension from the institution.

#### *Federal Financial Aid Warning*

If a student falls below the satisfactory progress standards, he will be notified, and granted a financial aid warning period of one semester, during which time he maintains federal financial aid eligibility. Additionally, the student will be notified that he has the option of appealing his lack of SAP to be granted a financial aid probationary period. During the warning period, the student may receive the academic counseling and student services described above. If satisfactory progress standards are still not met after this period, the student will be notified that he is no longer eligible for financial aid.

### ***APPEALS PROCESS***

A student may appeal the institution's determination that he is not making satisfactory academic progress. Basis for an appeal include the death of a relative, an injury or illness of the student, or other special circumstances. In the appeal, the student must describe why he failed to make satisfactory academic progress, and what has changed in his situation that will allow him to demonstrate satisfactory academic progress at the next evaluation. The appeal, along with any applicable documentation, must be submitted in writing to the registrar's office. A senior faculty member will consider all

information provided by the student and consult with other faculty members, if necessary, to reach a decision.

If the appeal is accepted, the senior faculty member will determine whether the student will be able to meet the standard SAP requirements of the institution by the end of a one semester probationary period. If it is determined that the student will be able to meet the standard SAP requirements after the probationary period, he will be placed on academic probation as described below. However, if it is determined that the student will not be able to meet the standard SAP requirements by the end of the probationary period, he will be placed on academic probation with a customized study plan, as described below. A student on academic probation, with or without a study plan, will continue to be eligible for Federal Financial Aid.

If the appeal is not accepted, the student will be subject to academic discipline, which may include expulsion or suspension from the institution. He will also be ineligible for federal financial aid until he reestablishes eligibility as described below in the section entitled "Reinstatement." The final decision, academic probation with or without a study plan or denial of the appeal, will be conveyed to the student in writing.

#### *ACADEMIC PROBATION*

If a student successfully appeals the lack of satisfactory academic progress, and it is determined that he can meet the standard SAP requirements after a probationary period, the student will be placed on academic probation. Academic probation is a one semester probation period at the end of which the student must meet the SAP standards of the institution. Upon request, the institution may provide various student services including academic counseling, tutoring, scheduling accommodation, or other academic assistance. A student on academic probation will continue to be eligible for Federal Financial Aid.

#### *ACADEMIC PROBATION WITH A STUDY PLAN*

If a student successfully appeals the lack of satisfactory academic progress, and it is determined that he will not be able to meet the standard SAP requirements after a probationary period, he will be placed on academic probation with a study plan. This study plan will include customized SAP standards which will enable the student to meet the SAP requirements, as well as other academic provisions to assist him in meeting those standards. The plan will ensure that the student can meet the school's satisfactory progress standards by a specific time, though an academic plan could take the student all the way through successful program completion. A senior faculty

member will develop a study plan in conjunction with the student and other faculty, as needed. A student on academic probation with a study plan will continue to be eligible for Federal Financial Aid.

A student must appeal to change his plan. He must explain what has happened to make the change necessary and how he will be able to make academic progress.

#### *REEVALUATION AFTER A PROBATIONARY PERIOD*

At the end of the probationary period, the student's satisfactory academic progress will be reevaluated. If the student is meeting the standard SAP requirements of the institution, or the satisfactory academic progress standards of his study plan, he will be considered to be meeting SAP.

If the student's academic performance fails to meet the academic progress standards of the institution, or the provisions of his study plan, the student will be notified that he no longer meets SAP standards. The student will be ineligible to receive Title IV aid, and he will be subject to academic discipline which may include expulsion or suspension from the institution.

#### *REINSTATEMENT FOR FEDERAL FINANCIAL AID*

A student who became ineligible for federal financial aid because he was not meeting satisfactory academic progress standards may reestablish eligibility by meeting institutional SAP standards. At the start of each semester, the financial aid office will receive notification of every student's status. If the student is meeting institutional SAP standards, he will also be notified that he is once again eligible to receive Title IV aid.

#### *INCOMPLETES*

A student who has not completed all the required course work for a particular course may have, at the discretion of the instructor, additional time (before the completion of the next term of study) to complete the work. A temporary grade of incomplete will then be assigned.

Courses with a grade of incomplete will be included in the student's number of credits attempted but not completed. As long as the incomplete grade remains on the transcript, the grade will not be included in the student's GPA. The incomplete grade will be replaced with the student's earned grade at the conclusion of the period of time given for the work to be completed. If the required work is not completed on time, the student will receive a grade based on the work previously completed.

### ***WITHDRAWALS FROM A COURSE***

A student who withdraws from a course will have the course grade recorded as withdrawn. A grade of withdrawn will not be included in his GPA, however, the course will be counted towards the number of credits attempted but not completed.

### ***TRANSFER CREDITS AND SATISFACTORY PROGRESS***

Transfer credits are not included in the GPA calculation; however, they are counted toward both the number of credits attempted and credits earned by the student.

### ***REPETITIONS***

All repeated courses are counted in the number of the student's attempted credits, and are included in the student's GPA, including failing grades. A student repeating a course must remain within the time frame required for SAP standards.

For Title IV awarding purposes, a repeated course in which the student has already received a passing grade is counted towards the student's enrollment status only the first time the course is retaken. A repeated course in which the student received a failing grade is always counted towards the student's enrollment, regardless of how many times he repeats that course in an attempt to pass.

For TAP grant awarding purposes, repeated courses in which the student has already received a passing grade cannot be counted towards the student's enrollment status. Repeated courses may be counted towards the student's enrollment status if a student repeats a failed course, if a student repeats the course for additional credit, or when a student has received a grade that is passing at the institution but is unacceptable in a particular curriculum.

### ***CHANGE OF MAJOR***

If a student switches his major, any credits and grades that are not applicable to the new major will not be considered in the determination of SAP.

### ***REMEDIAL COURSES***

Shor Yeshuv Rabbinical College does not offer any ESL or remedial courses.

## GOOD ACADEMIC STANDING FOR STATE GRANT PROGRAMS

To maintain eligibility for TAP a student must be in good academic standing, which includes two elements: pursuit of program and satisfactory academic progress.

**Pursuit of program** is the requirement that a student receive a passing or failing grade (A-F letter grade) in a certain percentage of courses each term, depending on the number of TAP awards he has received. The percentage is determined according to the following schedule:

Number of Payment	Must Receive a Grade for
<i>Semester</i>	
1, 2	50% of minimum full-time requirement (six credit hours on a semester calendar)
3, 4	75% (nine credit hours)
5 or more	100% (12 credit hours)

**Satisfactory academic progress** is the requirement that a student accumulates a specified number of credits and achieves a specified cumulative grade point average each term, depending on the number of state award payments he has received.

### First Talmudic Degree Program

Semester										
Before being certified for this payment	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th
Student must have accrued at least this many credits	0	6	15	27	39	51	66	81	96	111
With at least this GPA	0	2.0	2.0	2.0	2.0	2.0	2.0	2.0	2.0	2.0

Good academic standing is assessed each term. Students must meet both Pursuit of Program and Satisfactory Academic Progress requirements for that term to be considered in good academic standing. Students who lose good academic standing in a term when they received a TAP grant are not eligible for an award for the next term.

Students who have lost good academic standing may restore this standing in one of the following ways:

- make up past academic deficiencies by completing one or more terms of study without receiving a TAP grant;
- be readmitted to school after an absence of at least one calendar year;
- transfer to another TAP eligible institution; or
- be granted a waiver.

### Waivers

There are two types of waivers for students who do not meet Good Academic Standards.

**One-time Waiver** – this one-time waiver may be issued if an institution determines that there are extenuating circumstances which would justify the waiver. Situations that justify a waiver are those beyond the student’s control, rather than chronic circumstances that cannot be remedied.

This provision applies to students who failed to make satisfactory academic progress, pursuit of program, or both. With the additional term that results from approval of the waiver, the student should be able to regain good standing.

When a student submits a request for a one-time waiver, the institution will review the documentation and discuss with the student whether the approval of a one-time waiver is in his best interests. If the waiver is granted, the school will enter a “W” in the waiver column on the payment roster.

**C-Average Waiver** - the C-average requirement may be waived for undue hardship based on the death of a student's relative, the student's personal illness or injury, or other extenuating circumstances.

The C-Average waiver will be documented and will relate to circumstances that have affected the student's ability to achieve a cumulative C-average as of the end of a

particular semester or term. If warranted, a C-average waiver may be granted more than once. C-average waivers are not reported in the certification process.

The institution will maintain a clear, accurate, and complete record of documentation for any waiver granted. Waivers are not granted automatically and are intended only to accommodate extraordinary or unusual cases.

## **NOTIFICATION OF RIGHTS UNDER FERPA**

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Shor Yeshuv Rabbinical College receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. The written request should also specify the purpose of the disclosure and the parties to whom the disclosure may be made. The request must be signed and dated.

If after reviewing the request, the school decides not to amend the record as requested, Shor Yeshuv Rabbinical College will notify the student in writing of the decision and of the student's right to a hearing regarding the request for

amendment. Additional information regarding the hearing procedures will be provided to the student at that time.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Shor Yoshuv Rabbinical College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official may include a person employed by the school in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the school.

Shor Yoshuv Rabbinical College also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Shor Yoshuv Rabbinical College to comply with the requirements of FERPA.

Students may file a complaint with the Student Privacy Policy Office (SPPO) at <https://studentprivacy.ed.gov/file-a-complaint>. Complaint forms may also be accessed at [Family Educational Rights and Privacy Act Complaint Form](#) and emailed to [FERPA.Complaints@ed.gov](mailto:FERPA.Complaints@ed.gov), or mailed to the following address:

U.S. Department of Education  
Student Privacy Policy Office  
400 Maryland Ave, SW  
Washington, DC 20202-8520

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to maintain a record of any disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student –

- To other school officials, including teachers, within Shor Yeshuv Rabbinical College whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))

- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
- To either parent of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena, to proceed with or defend against the legal action. (§ 99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
- The information the school has designated as “directory information” under § 99.37. (§ 99.31(a)(11)): name, student status, marital status, spouse's name, telephone number, address, date of birth, place of birth, dates of attendance, degrees granted, dates degrees granted, names of prior institutions attended, chavrusas, chaburas, roommates, photos, videos, dormitory building/room numbers, seat information, parents' and parents in-law's names, addresses, occupations, congregations, and similar background information.

Note: Students have the right to restrict the sharing of directory information. Students who wish to make such a request must contact the registrar's office, and submit the request in writing within 90 days from the beginning of the semester. Once a student requests that the school not disclose directory information, this hold on sharing directory information will remain in place until revoked by the student in writing. Requests cannot be put into effect retroactively.

- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§ 99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her. (§ 99.31(a)(14))
- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student

Unauthorized peer-to-peer sharing is a copyright violation, and is prohibited by law, as well as by Shor Yoshuv Rabbinical College. Shor Yoshuv Rabbinical College does not have an institutional information technology system for the students' use.

### **TRANSFER CREDIT POLICY**

Credits may be granted, at the discretion of the Yeshiva, for study and courses taken at another postsecondary institution of Talmudic Studies providing the following conditions are met:

- The credits transferred must be based on course work similar in content, style and academic rigor to the one offered at the Yeshiva.
- The student must have achieved a grade that would have enabled him to pass a similar course at the Yeshiva.
- All credits must be properly documented.
- Transfer credits accepted are counted toward both the number of attempted credits and the number of credits earned by the student.

Knowledge and experiences and prior enrollment in courses related to the field of Talmudic Studies may be eligible for credit for prior learning experience and is assessed at the time the student is admitted to Shor Yoshuv Rabbinical College.

A transfer student must fulfill a minimum academic residency requirement of 30 credits earned at Shor Yoshuv Rabbinical College in order to earn an Intermediary Talmudic Degree or First Talmudic Degree.

Shor Yoshuv Rabbinical College does not have any articulation agreements with regard to whether we will accept credits from other institutions nor with regard to

whether other institutions accept our credits. Before enrolling in our institution, please be sure that your attendance at our institution will help you reach your educational goals.

***Notice Concerning Transferability of Credits and Credentials Earned at our Institution***

The transferability of credits you earn at Shor Yoshuv Rabbinical College is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earned in Shor Yoshuv Rabbinical College's First Talmudic Degree program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earned at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that attendance at Shor Yoshuv Rabbinical College will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Shor Yoshuv Rabbinical College to determine if the credits or degree will transfer.

**AVAILABILITY OF FULL TIME EMPLOYEE TO ASSIST ENROLLED OR PROSPECTIVE STUDENTS**

Shor Yoshuv Rabbinical College has designated Mr. Mendel Jaroslawicz, Financial Aid Administrator, as the full time employee available to assist enrolled or prospective students in obtaining information on the school, financial assistance, graduation and completion rates, security policies, and crime statistics, and any other required disclosures or information, as required by Title 34 of the Code of Federal Regulations, sections 668.42, 668.43, 668.45 and 668.46. He can be reached in the office during regular business hours or by calling 516-239-9002.

**COST OF ATTENDANCE**

*For the current schedule of the cost of attendance, please refer to the yearly supplement of the catalog.*

## **FINANCIAL AID**

Shor Yoshuv Rabbinical College utilizes the services of Higher Education Solutions, a financial aid consulting firm with many years of experience in the field. The institution offers a variety of federal and state financial aid programs to its students. Higher Education Solutions oversees the administration of the programs.

Any student who has difficulty meeting his educational costs at Shor Yoshuv Rabbinical College may contact Mr. Mendel Jaroslawicz at the financial aid office. The office is open during regular business hours, and can provide information about the available financial aid options.

These options may include a “financial aid package” comprised of grants and scholarships. This package consists of the amount of federal and state aid and any scholarships that are offered to an eligible student by the institution to help pay for his education. The institution may also offer a deferred payment plan, which allows the student to spread out the cost of tuition over a period of time.

Federal and State grants are need based, and do not need to be repaid. Similar to grants, institutional scholarships are need based and do not need to be repaid. The Federal Work-Study Program funds part-time employment for eligible students. These programs are explained in detail below.

### ***FEDERAL FINANCIAL AID***

In order to qualify for federal financial aid programs, a student must:

- demonstrate financial need for need-based federal student aid programs;
- be a U.S. citizen or an eligible noncitizen;
- have a valid Social Security number (with the exception of students from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau);
- be enrolled or accepted for enrollment as a regular student in an eligible degree or certificate program;
- maintain satisfactory academic progress in college or career school;
- provide consent and approval to have his federal tax information transferred directly into his 2024–25 *Free Application for Federal Student Aid* (FAFSA) form, if applying for aid for July 1, 2024, to June 30, 2025;

- sign the certification statement on the FAFSA form stating that he is not in default on a federal student loan, does not owe money on a federal student grant, and will only use federal student aid for educational purposes; and
- show he is qualified to obtain a college or career school education by:
  - ❖ having a high school diploma or a recognized equivalent such as a General Educational Development (GED) certificate;
  - ❖ completing a high school education in a homeschool setting approved under state law (or – if state law does not require a homeschooled student to obtain a completion credential – completing a high school education in a homeschool setting that qualifies as an exemption from compulsory attendance requirements under state law); or
  - ❖ enrolling in an eligible career pathway program and meeting one of the "ability-to-benefit" alternatives.

### ***APPLYING FOR FEDERAL FINANCIAL AID***

To apply for financial aid, a prospective student should complete a FAFSA form, which is available at the financial aid office. The completed application should then be mailed to the designated address. Alternatively, the student can submit the application through FAFSA on the Web at <https://studentaid.gov/h/apply-for-aid/fafsa>.

In addition to the FAFSA form, the student may be required to supply additional documentation, such as a Verification Worksheet, W2 forms, and/or Tax Returns/IRS Tax Transcripts, to verify the information reported on the FAFSA.

Awards are made for one academic year at a time, and are not automatically renewable. Students must reapply each year before the application deadline, as noted below.

### ***FEDERAL FINANCIAL AID NEED***

Eligibility for Title IV federal programs is based on a process called need analysis. Need analysis is the process of assessing the amount of assistance a student will require to supplement the resources expected to be available from the student and his parents, if applicable.

The student's need is calculated based on the formulas developed by the Department of Education. Need is determined by subtracting the contributions expected from the student and his parents, if applicable, from the total cost of attendance (COA). The total financial aid awarded to a student usually cannot exceed the student's need.

To calculate need, a determination is first made as to whether the student is dependent or independent of his parents, as determined by the answers to specific questions on the FAFSA. The student is advised to read the FAFSA instructions carefully before answering any questions, and to consult with the institution's financial aid staff if needed.

Once dependency is determined, the student's contribution is assessed. For an independent student, the student's contribution is based on his (and his spouse's) income as reported on his tax return, and assets, as applicable. Certain allowances are allocated against his income, such as income protection allowance (IPA), which is a living allowance based on family size, taxes paid and other relevant factors.

For a dependent student, his contribution is based on his income, as reported on his tax return, and assets, as applicable. Certain allowances such as an IPA and other relevant factors, as previously described, are allocated against his income. A parental contribution is also assessed, based on his parents' income, as reported on their tax return, and their assets, as applicable. Allowances are allocated against his parents' income, as detailed above

The parental contribution, where applicable, is added to the student contribution, to yield the Student Aid Index (SAI).

The student's budget or cost of education is calculated based on the COA plus a standard allowance for living expenses, which depends on whether the student lives on campus, with his parents, or has other arrangements. The SAI is then subtracted from the student's total budget. The result is known as the student's "need".

Under certain circumstances, based on poverty guidelines, the student may automatically be eligible for a maximum or minimum Pell grant (max or min Pell).

### *Professional Judgment*

In addition to the financial aid "need" process described above, there are additional circumstances that may be considered under a process known as professional judgment (PJ). There are two categories of PJ, special circumstances and unusual circumstances.

To initiate a PJ request for special circumstances, the student and/or his parent must submit documentation of these circumstances to the financial aid office. Among other changes that could impact the student's ability to pay for college, special circumstances might include a change in employment status, income or assets, medical expenses not covered by insurance, or severe disability of the student or other member of his household. These expenses can be taken into account by the financial aid staff to adjust the data elements in the COA or in the SAI calculation. This process can be initiated at the parent's or student's request after the student's initial eligibility has been determined, and verification has been completed, if applicable.

The category of unusual circumstances refers to conditions that justify a financial aid administrator (FAA) adjusting a student's dependency status based on a unique situation, more commonly referred to as a dependency override. Examples of unusual circumstances could include human trafficking, refugee or asylee status, parental abandonment or incarceration. If a student indicates they have unusual circumstances, the FAFSA Processing System (FPS) will consider the student to be provisionally independent and will allow them to fill out the FAFSA form as an independent student. The student will then submit any supporting documentation to the financial aid office for review. The FAA will assess the documentation and determine if the student's circumstances make him eligible for a dependency override.

A student may have both a special circumstance **and** an unusual circumstance. Financial aid administrators may make adjustments that are appropriate to each student's situation with appropriate documentation.

#### *Unaccompanied Homeless Youth*

For the 2024-25 award year, a student is independent if, at any time on or after July 1, 2023, the student was determined to be an unaccompanied youth who is homeless or is self-supporting and at risk of being homeless. A student may self-report his independence due to homelessness by indicating on the FAFSA form that they have a determination from one of the following entities:

- a local educational agency homeless liaison (or designee), as designated by the *McKinney-Vento Homeless Assistance Act* (42 U.S.C. 11432(g)(1)(J)(ii));
- the director (or designee) of an emergency or transitional shelter, street outreach program, homeless youth drop-in center, or other program serving individuals who are experiencing homelessness;
- the director (or designee) of a Federal TRIO program or a Gaining Early Awareness and Readiness for Undergraduate program (GEAR UP) grant; or

- an FAA at another institution who documented the student's circumstance in the same or a prior award year.

If a student indicates on his FAFSA he is unaccompanied and homeless, or at risk of being homeless (without a designation from a specified entity), the FPS will allow him to complete the form without parent information. The institution's FAA will review the student's circumstances and make a case-by-case determination of homeless youth status based upon a written statement from or a documented interview with the student.

If a student is determined to be independent due to his unaccompanied homeless youth status, the institution will presume him to be independent for each subsequent award year at the same institution, unless the student informs the school that his circumstances have changed, or the school has conflicting information.

#### FEDERAL APPLICATION DEADLINE

While FAFSA applications may be submitted until June 30, 2025, students may be required to submit their application earlier, as the application must be processed, and a valid SAI received while the student is still enrolled. Students are urged to submit their applications as early as possible. Late submissions may delay the processing of a student's application. More important, the funds for some programs are limited and will be distributed with priority given to those students who submit their application in a timely fashion.

Only in specific situations may a student update or be required to update certain types of information that he has entered on his application, such as dependency status and household size. Any such changes should be discussed with the financial aid office.

#### **FEDERAL AID PROGRAMS**

##### *Federal Pell Grant Program*

The Federal Pell Grant Program provides grants to undergraduate students. These grants do not have to be repaid. This program is an "entitlement" which means that each eligible student who attends an eligible institution and applies on time may receive a Federal Pell Grant. The maximum grant for a fully eligible student is \$7395 per award year, which is 100% of the scheduled award. The amount that each student is eligible for is based on the SAI, which is generated by a federally mandated formula, as explained above.

Financial aid disbursements in the Federal Pell Grant Program are scheduled at the beginning of each semester, provided that all paperwork has been submitted and is complete. A student generally receives half of his scheduled award during the first semester and the other half during the second semester.

With the availability of Year-Round Pell, students can receive Federal Pell Grant funds for up to 150% of their Pell Grant Scheduled Award for an award year. An eligible student may receive a Federal Pell Grant for the summer semester, even if he received 100% of his scheduled Federal Pell Grant award during the fall and spring semesters.

Students whose paperwork is completed during the second or third semester may be paid retroactively for previous semesters in the same academic year.

The amount of Federal Pell Grant funds a student may receive over his lifetime is limited by federal law to 600%. If a student's lifetime eligibility used (LEU) equals 600%, the student can no longer receive Pell Grant funding.

Payments from the Federal Pell Program will either be made by credit to the student's tuition account or by direct disbursement to the student. Students will be informed in writing of the expected amount of these payments. Students may inspect their tuition records during regular business hours at the business office.

#### *The Campus-Based Programs*

The Campus-Based Programs are a group of programs funded under Title IV. The campus-based program in which the institution participates is:

- FSEOG - Federal Supplemental Educational Opportunity Grants

In these programs, fixed sums are allocated to each school based on various factors, including its size. The institution analyzes the need of all eligible financial aid applicants whose paperwork is completed in a timely manner, and determines an equitable distribution of the funds available through the packaging process. Students who apply after the initial packaging deadlines, (as posted in the school), may be too late to receive any funds from these programs.

The Federal Supplemental Education Opportunity Grant is a campus-based grant program available to undergraduate students. Awards, when available, can range from \$100 to \$4,000 per award year.

Financial aid disbursements in the FSEOG Program are scheduled at the beginning of each semester, provided that all paperwork has been submitted and is complete. A student generally receives one half of his scheduled award during the first semester and the other half during the second semester. Students who complete their paperwork during the second semester may be paid retroactively for the first semester. However, students should keep in mind the strong likelihood that there may be limited FSEOG funds available by that time. FSEOG must be packaged and disbursed while the student is enrolled. Payments from the FSEOG program will be made by credit to the student's tuition account.

Generally, the funds are matched 25% non-federal funds to 75% federal funds. However, if in a particular academic year, the institution is granted a waiver of the nonfederal share requirement, the institution may choose not to provide the nonfederal match. Students will be informed of the expected amounts of these payments in writing, and may inspect their tuition records during regular hours at the business office.

### ***FEDERAL STUDENT LOANS***

The Federal Direct Loan program offers loans to students, which must be paid back with interest, to help cover their education related expenses. There are two categories of direct loans - subsidized, where the government pays the interest that accrues while the student is in school and unsubsidized - where the student is responsible for the interest that accrues while he is in school. Loans are only given to students who demonstrate willingness to repay. Direct PLUS loans are unsubsidized direct loans which are given to the parents of an eligible student who would like to help pay for the student's expenses in this manner.

Although the school is eligible to participate in the federal loan programs, the school discourages students and parents from taking out loans. The institution encourages its students to apply for the federal, state, and institutional financial aid grant programs before considering the option of student loans and makes every effort to assist students with their direct educational needs. Students who are considering taking out loans should contact the financial aid office for a detailed list of eligibility requirements, available loan amounts, and sample repayment schedules.

## ***NY STATE TUITION ASSISTANCE PROGRAM (TAP) GRANTS***

TAP grants are available to assist eligible New York residents attending in-state postsecondary institutions to pay for tuition. TAP grants are based on the applicant's and his family's (if he is determined to be dependent) New York State (NYS) net taxable income.

To apply for a TAP grant, a student must fill out a FAFSA, generally followed by an additional TAP application (ETA). Applications must be submitted by June 30, 2025.

The application is simple and straightforward, and all information provided will be used only for determining eligibility and administering awards. Applicants without lawful immigration status will not be asked for their home address and will not have to upload financial records.

Once the student has submitted an application, it is the student's responsibility to monitor the status of the application and to make sure the application is complete. The student will be able to monitor the status of his application online after submitting the application and uploading any required documentation. The student will be notified by email when a determination has been made regarding his eligibility, at which point he will accept the award.

#### *TAP Award Amounts and Disbursements*

Yearly TAP awards range from \$1000 - \$5665. Award amounts are determined by:

- combined income, including family earned income and pensions;
- number of family members enrolled in college;
- financial status (dependent or independent);
- cost of tuition; and
- when the student started receiving TAP or other NYS awards.

Shor Yeshuv Rabbinical College will credit the TAP award to the student's tuition account within 7 days of when the school receives such payment, and will refund any funds due to the student as soon as possible, but not more than 45 days after the institution has credited the award to the student's account.

The institution defers term tuition charges in an amount equal to the award for all students who present valid award notification for a TAP award for that term or who appear on the payment roster. The institution may credit TAP payments toward charges the student has incurred for a future term provided that the term is already underway when the school receives the payment, and the balance for that term exceeds the amount deferred for that term based on the anticipated receipt of a TAP award.

The institution may credit funds toward a future term if the student authorizes the credit in writing. The authorization will remain in effect for the duration of the student's study unless revoked by the student. An authorization form will be made available to students at the time of admission.

#### ***INSTITUTIONAL SCHOLARSHIPS***

Institutional scholarships may be available to students who have exhausted all other avenues of assistance and are still unable to pay their direct educational charges.

Students and their parents, if applicable, are expected to contribute towards the student's education, based upon their ability to pay, as determined by formulas

explained above. Students who apply for other types of financial aid will automatically be considered for institutional scholarships. Students who do not apply for other financial aid programs may contact the financial aid office to apply for institutional scholarships.

### *Explanation of the Course Code Designation*

The course code designation can be understood using the following system:

The first letter refers to the department:

T = Talmud

P= Philosophy

C = Codes (Halacha)

- In the **Talmud** department: the first two digits refer to the specific Tractate being studied (1-37).
- The third digit refers to the year of study (1-5).
- The letter following the digits indicates the method of study: Beiyun = E and Bekyus =B.
  
- In the **Philosophy** (Mussar) department: the first three digits refer to the specific philosophical work being studied.
- The fourth digit refers to the year of study.
  
- In the **Codes** (Halacha) department: the first three (or four) digits refer to the specific Codes being studied.
- The fourth (or fifth) digit refers to the year of study.

The two letters at the end indicate the semester: FA = Fall semester and SP = Spring semester.

Sample one: T141BFA refers to the study of Talmud Tractate Kesubos on level 1 Bekyus, fall semester.

Sample two: P2503FA refers to the study of Selected Readings in Rambam on level 3, fall semester.

Sample three: C6004SP refers to the study of *Hilchos N'tilas Yadayim* on level 4, spring semester.

## **UNDERGRADUATE PROGRAM**

### *DEPARTMENT OF TALMUD*

The study of the Talmud is very important and is the foundation of Sh'or Yoshuv Rabbinical College's curriculum. For those unfamiliar with the Talmud, we present here a brief introduction. The Talmud comprises the central facet of the oral tradition passed down for generations amongst Jews since the year 1312 BCE. The Babylonian sages completed the Babylonian Talmud, over 1500 years ago. Famed for its esoteric style, the Talmud is designed to provide the ultimate challenge for its students. Over the centuries, thousands of companion volumes have been authored, to elucidate and elaborate upon the basic text.

The study of Talmud is a complex and demanding task and a great deal of time must be devoted to fully appreciate its complexity and sophisticated levels. Each Tractate consists of its own unique set of laws, and they also often differ greatly in language and style. Obviously, it's impossible to cover the entire Talmud within a five-year course of study. The goal of the undergraduate program is therefore to give students the skills and the tools they will need for a lifetime of independent higher-level study of any Tractate of the Talmud.

The course of study is cyclical; so, students entering Sh'or Yoshuv Rabbinical College at different years may study different tractates over the course of their five-year program. Despite the differences in material covered, the skills presented and acquired are essentially similar, and graduating students are expected to demonstrate a specified level of achievement in the Tractate.

Although lectures are an important component of the curriculum; it's not the sole element in Talmudic study. Throughout the millennia, the Talmud has been traditionally studied utilizing a Chavrusa (study partner) system. Under the Chavrusa

system, students match wits and hone each other's intellectual capabilities. In this way, one student's strengths complement the other, and the learning of both is enhanced by this methodology. The faculty sets up each student with an appropriate Chavrusa (study partner), bearing in mind the student's academic level and abilities.

The study of the Talmud has two complementary courses. Talmud Beiyun focuses on in-depth study of the Talmud and the Talmud Bekyus companion courses focus on a more rapid course of studies. These courses study the same tractate, and the students are required to take both Talmud courses each semester.

#### DEPARTMENT OF CODES (HALACHA)

The study of Codes (Halacha) has two goals in mind; the first goal is to learn the laws; the second goal is the students should incorporate the Halacha into their actual daily living. The students are observed in their personal development through the examples set for them by their instructors. The study of Halacha forms a basic part of our curriculum requirement. A special instructor (Posek) is available to answer and explain any question that might arise pertaining to Halacha.

#### CODES (HALACHA) TEXT LISTINGS

**Halacha 700.** *Shulchan Aruch, Orach Chaim. Hilchos Berachos, Mincha and Maariv.*

The laws of blessings over a broad range of foods and natural phenomena, plus the underlying categorization for all blessings. The procedure of the *Mincha* and *Maariv* prayers.

**Halacha 1000.** *Shulchan Aruch, Orach Chaim. Hilchos Pesach.*

The laws of the Passover holiday. Familiarity with Tractate *Pesachim* is highly recommended. These chapters range from discussion of the prohibition of leavened bread and various derivative foods to study of the laws of the *Seder*, the holiday prayer service, the *matzos* and the other ritual foods of this festival.

**Halacha 1200.** *Shulchan Aruch, Orach Chaim. Hilchos Yom Tov.*

Laws of festivals and holidays. These laws deal with both Biblical and Rabbinical prohibitions on labor, as well as the positive requirements for honoring the holidays and sanctifying the festivals.

**Halacha 1300.** *Shulchan Aruch, Orach Chaim. Hilchos Chol Hamoed, Taanith and Tisha B'Av.*

This course covers the intervening days of the festivals, which have an entire category of laws defining their status derived from the Talmud Tractate *Moed Katan*. Other laws included in this course are those pertaining to fast days: the ritual requirements and prayer service on such days. The day of sorrows, *Tisha B'Av*, also has its full complement of relevant law covered in this course.
